70VG/30PG High VG E-Liquids

70VG/30PG e-liquids contain a higher proportion of vegetable glycerine, making them a popular choice for adult vapers who prefer fuller vapour production and smooth flavour. They are commonly used with suitable sub-ohm devices and tanks.

When choosing a **70VG/30PG e-liquid**, check your device and coil compatibility before use. The collection includes options from brands such as IVG, Zap, Milkshake and Ultimate Puff.
